**Subject:** RE: Exemption certificates

Hi Stephen

When registering these exemptions you would have received an e-mail confirming that you are registered. This is the only documentation you receive regarding these and we do not hold copies of these therefore we can only confirm that you are registered.

Thanks

Gemma Miller  
Registry Officer

**Subject:** Exemption certificates

FAO Mary MacInnes - Registry Officer

We are a recycling company based in East Kilbride and currently have 2 waste management licence exemptions being:

**Waste Exemption No:** WML/XS/1100565

**Waste Exemption No:** WML/XS/1130236

Do you provide certificates for these at all? We get asked this by customers regularly and while we can give them the no.s, some folk keep asking for something more formal

I hope this is ok – thanks in advance for your assistance

Cheers

Best regards
